LANGUAGE

- English (Professional)
- Urdu (Native)

PROFILE

Results-driven MERN Stack Developer specializing in Next.js, React.js, and Node.js, with expertise in AI integrations (chatbots, resume analyzers) and responsive UI/UX design. Proven ability to deliver high-performance applications using REST APIs, MongoDB, and modern DevOps tools (Vercel, Docker). Adept at Agile/Scrum methodologies and cross-functional collaboration. Seeking opportunities in **Dubai's tech ecosystem** to leverage MERN stack expertise in scalable web applications.

WORK EXPERIENCE

MERN Stack Developer
Crafting Colors | Jan 2024 – july 2025 (1.5 years)

- Developed full-stack applications using MERN stack (Next.js, Node.js, MongoDB) with AI-driven features like real-time chatbots and dynamic UIs.
- Optimized frontend performance, reducing load times by 30% using code-splitting and lazy loading.
- Collaborated in Agile teams to deliver 5+ client projects, ensuring responsive design and seamless API integrations.

Web Development Lead (Intern)
Evolvians Software Company | Jun 2025 – Aug 2025(2 months)

- Led a 4-member team to build 3+ React.js/Bootstrap applications, improving client satisfaction by 25%.
- Implemented RESTful APIs with Express.js and MongoDB for backend functionality.

PROJECTS

Smart Dining Hub | Next.js, MERN, AI
- Developed an AI-powered restaurant platform with real-time order tracking and chatbot assistance.
- Deployed on Vercel with MongoDB Atlas; improved user engagement by 40%.

Evolvians Website | MERN
- Built a dynamic CMS for company updates with React.js + Node.js backend.

CERTIFICATION

- -Frontend Development Certification (Crafting Colons, 2023)
